

Emergency Supply Kit Checklist

Home kit • Grab-and-go bag • Vehicle kit

Build a kit for your home and a smaller grab-and-go kit for evacuation. Choose items that fit your household, store them together, and review food, water, batteries, and medication regularly.

Home emergency kit

☐ Water — plan for at least several days; store extra for pets and medical needs.

☐ Nonperishable food, manual can opener, utensils, and any needed special-diet items.

☐ Flashlight or headlamp, extra batteries, battery/hand-crank radio, and phone chargers/power bank.

☐ First-aid kit, prescription and over-the-counter medicines, glasses, and copies of key medical information.

☐ Sanitation supplies: soap, hand sanitizer, wipes, toilet paper, trash bags, and hygiene items.

☐ Whistle, masks, work gloves, multipurpose tool, local maps, and basic utility shutoff tools if appropriate.

Documents, cash, and household needs

☐ Copies of identification, insurance, emergency contacts, medication list, and important records in a waterproof container.

☐ Cash in small bills, spare keys, and a written list of essential phone numbers.

☐ Infant supplies, mobility/accessibility items, hearing/vision supports, and communication aids.

☐ Pet/service-animal food, water, leash/harness, carrier, medication, records, and comfort item.

☐ Seasonal clothing, blankets, rain gear, and sturdy shoes for each household member.
