

Medication & Medical Information

WORKSHEET

Page 1 of 2

Personal worksheet and cut-out emergency card

Keep current medical information available for an emergency, evacuation, travel, or unexpected hospital visit. Complete one worksheet per person and update after medication, allergy, provider, or insurance changes.

FULL NAME _____	DATE OF BIRTH _____	PRIMARY LANGUAGE _____	LAST UPDATED _____
--------------------	------------------------	---------------------------	-----------------------

Personal medical information

Emergency contact / relationship	Emergency contact phone	Backup contact	Backup phone

Medical needs and providers

Allergies / reactions	Conditions / key health information	Primary doctor / phone	Pharmacy / phone

Medication list

Medication / strength	Dose and schedule	Reason / prescribing provider	Refill / notes

Accessibility and emergency notes
■ Mobility, hearing, vision, communication, sensory, dietary, equipment, or other support needs: use the blank lines on the emergency card on page 2, or attach a separate sheet. ■ Preferred hospital / important instructions: note any hospital preference, advance directive, or special handling instructions here.

Emergency Medical Information Card

Fill out clearly in permanent ink. Cut along the dashed line and laminate if desired. Keep one in a wallet, purse, backpack, vehicle, or go-bag; give a copy to a trusted caregiver if appropriate.
